SENIORS' LAST FROLIC DURING FINAL WEEK

**Talent Enlisted Promises Big
Success for Initial Event
of Senior Week**

SENIOR PROM JUNE 2

Two Orchestras to Furnish Jazz for
Dance on Washington Hotel Roof

It's the last chance. The last chance to sport oneself as an undergraduate. For one riotous week the University, maintained for the student, will be turned over to him for a final frolic.

At last it can be told. The program for Union Vodivill with its parade of talent will include: The Kappa Sig Minstrels; Winnis DeVoe, Daisy Robson, dancing; Howard Locke, the human bird; Phi Sig melody boys; Evangeline Lovett in piano-rogues; Professor Updegraff in yodeling and singing; Evelyn Davis, dance act; The Mimes, presenting "The Constant Lover"; Pan-Hellenic, as they are; Ben Cain, the banjo expert; the O'Connor Kids in a novelty act; the Theta Delt banjoist, opined to be the best one in captivity; and Inactivity, a Russian burlesque, written by an American. Everyone must come out to root for the friends and enemies included in the program. It will be the last chance to see this same collection of talent. May 31 in the Central High School Auditorium at 8.15. Tickets, 50 cents, on sale at the offices of the University, Pearlman's, and Spaulding's.

Final plans are made for Senior Prom. It will be the last chance to dance as an undergraduate for the Seniors; it will be the last chance for the lower-class men to dance at the first annual Senior Prom. The moon has been ordered especially large and potent for this most auspicious occasion. Music has received the same orders. Two orchestras have been arranged. There will be too many interesting features to list. The feature player of the evening will be Bob Foster, who will alternate between the Bose Room and the roof. A Roof Garden Prom in June. Admission is only \$5 and there are no extras. For it not only the only girl in the world with a new dress and a fresh marcel but the satisfaction of knowing that the whole world is envying you.

PUBLICATIONS PROBLEMS DISCUSSED AT MEETING

Problems connected with the student publications of the University were the chief subjects of discussion at the meeting of Pi Delta Epsilon, honorary journalistic fraternity, Thursday, May 1.

Members in discussing the problems recommended that the Hatchet, in order to be effective as a University newspaper, should be published at least twice a week, and if financially possible it should be published daily. It was further recommended that a centralized board be created for handling advertising in the various student publications. As pointed out, this would be a saving both to the student workers and to the business men of the city. The advisability of establishing a press bureau for the University was also discussed.

Officers for the coming school year were invested in their new positions. Officers are Robert H. McNeil, president; J. Joseph W. Palmer, vice president; Fred Youngman, secretary; Arthur C. Perry, treasurer; and Prof. Henry G. Doyle, chapter adviser.

COMMITTEE MEETS.

Members of the committee handling Senior Week will meet Wednesday, May 7, at 7 p. m., at 728 Twentieth Street, to discuss final plans for the farewell events.

PLAYERS TO PRESENT ENDOWMENT PROGRAM

"Seven Days," Comedy, Will Be Given
at New Unitarian Church May 15

"Seven Days," a three-act comedy written by Mary Roberts Rinehart and Avery Hopwood, will be presented by the G. W. Players Thursday evening, May 15, in the auditorium of the New Unitarian Church, for the benefit of the endowment fund.

The players have been working on this play for several months, and it promises to be one of the best presentations ever given by George Washington students. "Seven Days" is a delightful comedy adapted from Mary Roberts Rinehart's novel, "When a Man Marries."

As a special favor to the University, because the funds will be used for the endowment, Mrs. Rinehart is paying the royalty on this play herself, as well as permitting the cast to use the books without charge.

The players have met many obstacles since they have started rehearsals, but since securing the auditorium at Sixteenth Street and Columbia Road they will be able to stage an excellent play. The play will start promptly at 8.30.

As a special attraction arrangements have been made to have a dance after the performance.

Louise Espey, president of the G. W. Players, has been acting as business manager with Marion Campbell as director. Mr. Ames is taking care of scenic and lighting arrangements. Dramatic personae are as follows:

CAST: Robert H. McNeil, Harry Davis, Delta Knott, Corrine Fraser, Amy Brown, Betty Clark, Anne Selma, Mary Temple Hill, Jimmy Wilson, Louis Seibold, Dallas Brown, Clay Powell, Tom Harbison, Briscoe Gray, Burtlar, Douglas Hartman.

Patrons and patronesses have not been announced as yet, nor have the chaperons who will be present at the dance. Tickets may be secured from the Registrar's office or from members of the G. W. Players.

MIMES AND ENGLISH 48 PRESENT PLAYS MAY 14

A combination cast selected from The Mimes Dramatic Club and English 48 will present a program of George Washington plays at the Art Center, May 14, at 8.15 p. m. These plays were written by members of the Playwriting Class, and together with other plays which have been given will be compiled in a book of George Washington plays.

"Dynamite," written by Mary Porter Russell, will be directed by William Northrop Morse, instructor in playwriting, who has selected the following cast: Elsie—Dorothy Bartley; Craig—Osgood Fifield; Doctor—Fred Youngman. Thomas K. Mount will act as stage manager.

The cast for "Sire de Maltrot's Door," written and directed by Lyle Ohlander, has not yet been announced. The program of plays and musical numbers will be followed by dancing.

One person in school is going to be rich some day. He has put away ten copies of the Pendulum, to be brought forth when the contributors have become famous and sold for a fabulous sum. Wonder why some one didn't think to save a few copies of Sour Grapes?

"Seven Days" promises to be just one day better than "Six Days."

'GEORGE WASHINGTON' FEATURE OF CONCERT

Claudy Charms Audience With
His Saxophone—Harmony
Plentiful

DANCE AFTER PROGRAM

Girls' Glee Club Wins Its Share in
Glory in Program Presented
at the Willard

George Washington University Glee Club's program for their May concert-dance last night at the Willard was the best presentation of musical talent by any organization ever made at the college.

"George Washington," composed by Rev. Jason Noble Pierce, of the First Congregational Church, was an appropriate opening song for the evening, and judging from the applause was heartily appreciated by the audience.

One of the features of the evening was the saxophone solo by Carl H. Claudy, jr., whose interpretation of Valse Lanette, by Henton, was exceptionally fine. His popular selections, played as encores, took too well with the students to fit the time allotted him.

"The Daisies," sung by the Girls' Club, and "De Coppah Moon," by the Men's Club, were especially noteworthy numbers.

Following the concert the dance was held in the large ballroom. The faculty and student body attendance was comfortably large.

DELTA TAU DELTA AWARD FOR MOST ACTIVE SENIOR

Is the Only Prize Offered Students
Entirely for Furthering
Student Activities

A gold medal is awarded each year by Gamma Eta Chapter of Delta Tau Delta to that member of the Senior Class who throughout his course at George Washington University has done the most constructive work in the furtherance and upbuilding of the University student activities.

The Delta Tau Delta Activity Award is one of the most significant awards offered for service at George Washington, conferring as it does a unique honor upon the outstanding Senior of each graduating class for genuine constructive work in furthering student activities at the University.

This award was created in 1921, and the first student who received it was Eugene Underwood, who graduated in that year. In 1922 John R. Daily received the Delta Tau Delta Award, and last year it was given to J. Foster Hagan.

The committee which awards the Delta Tau Delta medal is composed of the Secretary of the University, the Director of Student Activities, and a professor appointed by the President of the University. Last year the committee was made up of Secretary Elmer Louis Kayser, Director Bryan Morse, and Prof. Henry G. Doyle.

Nominations for the 1924 award should be sent, together with full information concerning the achievements of the person nominated, to Secretary Elmer Louis Kayser, chairman of the committee on award, before May 15th.

STUDENT COUNCIL MEETS

The last meeting of the Student Council this year will be held Wednesday, May 7th, at which time two members will be elected to the Board of Managers for next year, and petitions now before the council will be acted upon.

CHI OMEGA DANCES

Chi Omega Fraternity held a dance for the benefit of their sociology fund at the New Ebbitt Hotel, Friday, May 2.

IMPORTANT NOTICE

Candidates for degrees at Commencement are requested to hand in their names at the offices of their respective departments. A preliminary announcement will be mailed out to all prospective candidates about May 20. Invitations and tickets of admission will be available at the various offices about May 26.

All organizations desiring to have an announcement of their Commencement events printed in the Calendar of Events, which accompanies the Commencement invitation, should send the necessary information to the secretary of the University before May 15.

CHAMP RIFLE TEAM OUT FOR NEW TITLE

Many Strong Teams Entered in Outdoor
Championship Matches
at Annapolis

The Outdoor Intercollegiate Championship Rifle Match will be held Saturday, May 17th, on the Naval Academy rifle range at Annapolis. Approximately ten teams, including the Intercollegiate Indoor Championship Team of George Washington University, Georgetown, Columbia, and the Naval Academy will compete for the outdoor championship.

This match promises to be even bigger than the indoor championship match in New York in January, where eleven of the large colleges and universities of the country competed.

The winning team at this match will receive a trophy indicative of the title which will go to the winning team, together with medals for the individual members of the team.

The rifle used by the Army, Navy, and Marine service of the United States, together with special high-grade Government ammunition, will insure a real rifle match. Firing ranges will be from 200 to 600 yards, while the contestants will compete in both slow and rapid firing.

The home team is practicing regularly in an attempt to develop a team which will give the Naval Academy its first defeat. About 1910 the George Washington team in a telegraphic match tied the Academy, but the Navy riflemen have never been defeated by a collegiate institution.

It is the ambition of Captain Stokes, Manager Espey, and James M. Berry to accomplish this defeat. This is the last match in which the three men will compete for their Alma Mater, while other members of the squad will be back next year.

This match is being held under the auspices of the National Rifle Association, and it is planned to make it an annual affair, just as the National Rifle Matches which are held each summer.

PRESIDENT TO SPEAK ON KENTUCKY TOUR

President Lewis, at the invitation of the commissioner of education of the State of Kentucky, is spending the week on a speaking tour through that State talking on educational subjects as well as the opportunities for a college education at George Washington University.

In the course of his trip President Lewis will speak at the University of Kentucky, Centre College, the State Normal School, the city schools of Carlisle, Frankfort, Winchester, and Lexington, as well as at meetings of the Rotary Clubs in these two cities.

"Seven Days" will be presented Thursday, May 15, at the New Unitarian Church, Sixteenth Street and Columbia Road, at 8.30.

From the results of the Potomac Breeze, most of the newsboys must have been girls.

ELECTION POSTPONED FOR REORGANIZATION

Board of Managers Decide at
Meeting to Hold Elections
Over Until Fall

CONSIDERING NEW PLANS

Prospects Bright for Adoption of New
System of Legislation and
Finance

In accord with the plans of the Board of Managers of Student Activities to adopt a new system of reorganization of activities and activity fees, the elections of members to the council scheduled for May 5 and 6 has been postponed until fall, or until definite action is taken in the matter of reorganization. This was decided at the meeting of the Board of Managers on April 29.

The adoption of a new system of organizing and financing activities, to be effective by the next academic year, had been very uncertain and thought not likely to be passed this term, but the stand taken by the Board of Managers, in postponing elections, virtually makes certain that such plans will be accepted and in operation by fall.

The present council has already performed the necessary functions to be exercised between now and fall, and to allow elections to the 1925 council would either hinder putting into operation the new plans or annulling the election when the plans were accepted.

"In view of the fact that the Board of Managers of Student Activities has under consideration tentative plans for the reorganization of student activities as well as a student-activity fee, which, if adopted, would make advisable another election in the fall, and inasmuch as the present Student Council has already performed the necessary functions to be exercised between now and fall, it is recommended that the election of council members be postponed until October or November or until definite action is taken in the matter of reorganization."

Under the "new system of financing student activities" every student will contribute in proportion to the number of hours of work for which he is registered in the University. Payments will most likely be made in the same manner as tuition.

Plans which the committee on reorganization are inclined to consider most feasible would constitute the managers of the different sports, editors of the publications, and one student representative from every college, as a student legislative organization. This body would supplant the present Student Council, the personnel of which is made up only of students elected by the signers of the voluntary tax. Election to the new council will be held next October or November, or at such time as may be decided upon when definite plans of reorganization have been completed, as disclosed by the minutes of the recent meeting of the Board of Managers.

Committees have been appointed by the Board of Managers to develop the plans of reorganization and student-activity fees. They will probably report on some plan before the end of this term.

WASHINGTON, D. C., MAY 6, 1924

The Hatchet regrets the fact
that several pointed, personal
articles were printed in the edi-
tion of last week. These articles
were some that the printer had
standing after the Petticoat had
been published, and were placed

in the Hatchet in order to fill out
the columns.

While articles of this nature
are all right for a publication the
nature of the Petticoat, they are
distinctly against the Hatchet's
policy, which has been for the
past year and will continue to be
for the year to come absolutely
opposed to what is slangily
known as "digs" or personal at-
tacks.

HATCHET'S LAST ISSUE

This is the last issue of The
Hatchet to be published this
school year. Every effort has
been made by the editor and his
staff in the past, against over-
whelming odds, to increase the
high standard of previous years.
With the commendable coopera-
tion of the student body this
effort has been rewarded by no
small measure of success.

However, with the growth of
the University and the increased
interest in student activities
there is a greater field of service
open to the University Hatchet
than ever before, and with in-
creased determination. The

Hatchet will strive to reach that
goal in George Washington in
the future which is rightly due
every college newspaper. No
opportunity will be neglected to
place The Hatchet on that high
plane where it will be regarded
as the true organ of student
opinion.

Until the beginning of the new
school year The Hatchet extends
to the student body and the Uni-
versity as a whole sincere wishes
for every success.

**NEW COURSES LISTED
FOR SUMMER SCHOOL**

Prominent Speakers at Daily Chapel
Added as Feature on Increased
Summer Schedule

In order to accommodate the rapidly
increasing demand for summer courses
at George Washington University ap-
proximately thirty courses have been
added for the coming session, with a
corresponding increase in faculty.
The new bulletin has 104 courses list-
ed, several of which will give credits
toward the higher degrees, and are
open to upper-class men and graduates
only.

Registration for summer school be-
gins June 12th. Classes in the nine-
weeks' courses start June 16, and six-
weeks' courses will start July 7, with
all courses ending August 16.

Registration for credit in any class
closes three days after the class has
started unless written permission to
the contrary is granted by the instruc-
tor concerned.

A meeting of the National Educa-
tional Association will convene in
Washington the week of June 30, and
teachers from all parts of the country
are applying for admission to summer
school classes. In order to give these
and other students a broader knowl-
edge of Washington and its surround-
ings assemblies will be held daily from
11.15 to 12.15, which will be open to
the public and will be addressed by
prominent speakers.

OWEN ADDRESSES CLASSES

Makes 48 Day Trip to Europe**

for \$ **7.13** A Day
Including Round Trip
Steamship Fare and
34 Days in Europe

SEND the coupon below for the 16 page book-
let telling how he made a 48 day trip to Europe
at an average cost of \$7.13 a day including 34
days in Europe and round trip steamship fare.
With it you will receive illustrated literature show-
ing third cabin accommodations, sailings and pas-
sage rates on United States Lines' ships, also the
folder "What's Going on in Europe in 1924."

To make a European trip possible for students
and teachers at a minimum cost these United
States Lines' ships will have exclusive third cabin
accommodations reserved:

S. S. President Harding - June 24
S. S. Republic - - - July 3
S. S. Leviathan - - - July 5

For your return similar exclusive reservations have
been made on westbound ships.

College women are invited particularly to make
reservations on the S. S. Republic sailing July 3rd
as special third cabin accommodations are available
under proper chaperonage. Women will also be
especially chaperoned on the other ships listed above
and on the return trips.

**Third Class Cabin on United States
Lines' Ships Is Not Steerage**

Third class cabins on these ships accommodate 2, 4 or 6
persons. They are clean, airy and comfortable. The berths
have soft, sanitary mattresses and clean linen;—water and
other conveniences in each stateroom. The food is wholesome,
appetizing and plentiful and service of the best. Public rooms
are large and inviting. Ample deck space is provided for
games and dances. Daily concerts are a feature of the voyage.

This is your chance to enjoy the cultural and educational
advantages of Europe at the lowest cost possible in years.
Dozens of international events are taking place in Europe
this summer including the Olympic games and the British
Empire Exhibition.

HENRY CAVENDISH
1731-1810

English chemist and physicist,
of whom Biot said, "He was
the richest of the learned, and
the most learned of the rich."
His last great achievement was
his famous experiment to de-
termine the density of the earth.

**He first made
water from gases**

Henry Cavendish, an eccentric millionaire
recluse, who devoted his life to research,
was the discoverer of the H and the O in
H₂O. In fact he first told the Royal Society
of the existence of hydrogen.

He found what water was by making it
himself, and so became one of the first of
the synthetic chemists.

Cavendish concluded that the atmosphere
contained elements then unknown. His
conclusion has been verified by the dis-
covery of argon and other gases.

The Research Laboratories of the General
Electric Company have found a use for
argon in developing lamps hundreds of
times brighter than the guttering candles
which lighted Cavendish's laboratory.

In this age of electricity
the General Electric
Company has blazed
the trail of electrical pro-
gress. You will find its
monogram on the giant
generators used by
lighting companies;
and even on the lamps
and little motors that
mean so much in the
home. It is a symbol
of useful service.

FACULTY BALL MANAGER PREDICTS STRONG TEAM

Victory or Defeat in Pyramid Game
Depends on Strength of
"Professor" Team

By Demon Bunyan

With bated breath the University awaits the afternoon of June 3rd when the Faculty team crosses bats with the team composed of members of the Pyramid Honor Society. It is admitted in many quarters that the Faculty are taking a big chance, as it is known that the Seniors, who after four long, stormy years begin to see the light of day, will be anxious for revenge.

However, unperturbed by the ominous note, Player-Manager "Hank" Doyle is freely predicting that the Faculty will make things lively. "A team can't win if they don't get hits, and they certainly aren't going to get hits off of my star pitcher, 'Big Bill' Lewis. He will make their batters look foolish," confidently predicted the manager.

"It is too early to announce the line-up of my team, but no matter who plays, we are going to put up some scrap," emphasized the manager when questioned about his line-up.

The Pyramid Society will probably use Brown or Tolson as pitchers, while McNeill and Pryor will do duty behind the plate. Johnson, Espey, Laux, Shaw, Tolson, Corbin, Simmons, Tracy, and Allen are expected to see service in either the infield or outfield. It is rumored that Dean Rose will be the umpire at this great contest, while others favor a board of judges of from seven to nine members to settle such momentous questions as will probably arise.

SEVEN GAMES REMAIN IN INTERFRAT LEAGUE

Kappa Sigs and S. P. E. Leading Their
Respective Leagues—Plaque
for Winners

Kappa Sigma, now leading league No. 1 in the Interfraternity Association, baseball series, will probably play it out with the boys from Sigma Phi Epsilon, undefeated team in league No. 2, for the interfraternity championship and the baseball plaque to be awarded the winner.

Only two games remain to be played in league No. 1, while in league No. 2 there are five more contests. The results for the season this far are not yet available, and no certain predictions can be made, but it seems certain that the final contest will be between those two teams.

Acacia team is also undefeated, but they have won two games on forfeit. Theta Delta Chi has forfeited all games because it has not yet been able to get a team in the field. There is a possibility, however, that they may have a team for the remaining games.

Kappa Sigma took Sigma Nu down the line to the tune of 10 to 3 Sunday, thereby eliminating them from the series.

In league No. 2 Sigma Phi Epsilon is at present the leading light, with Acacia also having an undefeated

CHERRY TREE OUT SOON

All Cherry Tree copy has been submitted to the printer, according to Edwin S. Bettelheim, Jr., editor of this year's Annual, and the new book should be received and ready for distribution some time during the week of May 20th.

The Cherry Tree this year has several new features not included in former books and will contain approximately sixty more pages than the one published last year. The cover design and general color scheme will make this Cherry Tree a very attractive book.

Owing to the expense of publishing the Cherry Tree less than a hundred copies will be available in addition to those required for student-tax signers. These copies may be secured for \$5 each, while they last, and orders will be honored in the order in which they are received. Orders should be sent to Edwin S. Bettelheim, Jr., 319 Metropolitan Bank Building.

team, having won from Wandering Greeks and Kappa Alpha through the forfeit route.

The remainder of the schedule will be played on the Monument lots some time soon, after which winners in each league will be matched for the championship and the plaque. No definite date has been set as yet.

EL CIRCULO TO MEET

"Why I Study Spanish," will be the subject of a lecture to be given by Prof. Henry Gratian Doyle before El Circulo Espanol at its final meeting this year Thursday evening, May 8th, in the Chapel.

A Class Distinction

The Hinge-Cap is the insignia of Williams Shaving Cream and of Williams only. You'll notice three things about Williams every time you shave. 1. Williams lather is heavier and holds the moisture in against the beard. Quicker and more thorough softening takes place. 2. Williams lather lubricates your skin—your razor actually seems to "glide" the hairs off. 3. Williams lather leaves the skin in marvelously fine condition. No matter how frequently you shave, your face stays cool, smooth and comfortable.

You'll enjoy every shave with Williams. It is a pure, natural-white cream without any artificial coloring whatsoever.

**Williams

RIFLE TEAM WINS TITLE IN INTERURBAN MATCHES

Another championship title has been annexed by the George Washington Rifle Team, according to recent announcement made by the National Rifle Association, when they won the championship of the Association of Urban Universities for the school year of 1923-1924. New York University won second place, with the University of Cincinnati third.

As usual, Captain Walter R. Stokes was high individual winner with a score of 393 out of a possible 400. Captain Irwin L. Murray, of the City College of New York, was second and D. R. Hanford, of New York U., was third.

The match was fired by squads of ten representing each school, five high scores counting. Each shooter fired ten shots in each of the four standard positions—standing, kneeling, sitting, and prone—on the official N. R. A. 50-foot target.

One of the guests at the presentation of Rose of Persia was Sultan Mahmoud Amerie, Attache Honoraire de la Legation Imperiale.

Come on, girls, we hear he's not married.

SQUARE AND COMPASS INSTALL CHAPTER HERE

Masonic Fraternity Adds Chapter at
Banquet Given by Local
Organizers

A chapter of Square and Compass, college fraternal organization with membership limited to Master Masons, was installed in George Washington University Saturday evening, May 3, by Carl A. Foss, National Secretary of the Square and Compass Fraternity.

The installation ceremonies were conducted at a banquet given by the local organization at the Franklin Square Hotel. Dr. Alvin E. Evans, a member of the Law School faculty, who is both a member of the local organization and of Square and Compass, assisted in the installation.

Organization of the local chapter of Square and Compass was only recently completed. Edwin Brooker has been elected president; Raymond B. Harding, vice president; Horace L. Lohnes, secretary; Hugo A. Kemman, treasurer; Russell B. Benson, balliff; and Dr. A. E. Evans, historian. There are seventeen members in the local chapter.

The present organization of Square and Compass is the outgrowth of a Masonic Club organized at Washington and Lee University about 1897. Previous to 1917 this remained a local organization, but in that year a policy of expansion was adopted, and a national fraternal organization founded under the name of Square and Compass which has established chapters in approximately fifty colleges and universities.

The name was adopted and the new fraternity incorporated under the laws of Virginia on May 12, 1917. Within a short time all the founders of the organization were in the Army or Navy, and expansion was postponed until some of the members returned to the university in 1919.

CHAPTER OF THETA U. INSTALLED AT G. W.

Twenty-nine members of Kappa Tau Omega were officially installed as one of the ten charter chapters of Theta Upsilon Omega Friday night at midnight, when approximately 300 undergraduate and several hundred alumni members in ten colleges and universities were initiated by the national officers as charter members of the new national fraternity.

The installation of Theta Upsilon Omega is the culmination of a temporary organization founded by representatives of local organizations from 12 schools at the Interlocal Fraternity Conference in New York last December.

Among the membership of Theta U. are several men of national prominence, including Dr. Russell Conwell, president of Temple University, and Admiral W. S. Sims, of the United States Navy, who was recently initiated as an honorary member.

APPOINT MOLL LAW PROF.

Walter Lewis Moll has been appointed as professor in the Law School, according to announcement made by Dean Van Vleck. The new professor is at present taking postgraduate work at Harvard, and will receive the degree of S. J. D. in June.

Prof. Moll was professor of English at Concordia College, has taught law in the University of Indiana Law School, and has practiced law in Fort Wayne, Ind., where he was also instructor in law.

Premedic students are requested to register at once for the Medical School for the coming year.

MANY SCHOLARSHIPS FOR ACADEMIC ACHIEVEMENTS

Prizes Awarded to Various Winners
Will Be Announced at
Commencement

Many prizes in various subjects are offered to undergraduate students of the University. Examinations to determine the winners in several of these subjects will be held during the next few days. All the winners will be announced at the commencement exercises, Wednesday, June 4.

With the exception of the Delta Tau Delta award, which is conferred annually upon that graduating student who during his college course has done the most to further student activities, the prizes are all in some branch of academic work.

The prizes in academic work are the Staughton and Elton prizes in languages; Ruggles prize in mathematics; Daughters of the American Revolution prize, Thomas F. Walsh prize, Gardiner G. Hubbard Memorial prize, Colonial History prize, all in the subject of History; the E. K. Cutter prize and the Sigma Kappa prize in English; Willie E. Fitch prize, Phi Sigma prize, Sigma Kappa prize, and the alchemists prize in Chemistry; Muth prize in drawing; James Macbride Storrett, Jr., prize in Physics; Chi Omega prize in Sociology; Pi Beta Phi prize in Political Science; Phi Mu prize in Playwriting; Pi Beta Phi prize in Education; Kappa Alpha prize in Economics; Dietzen prize in Machine Drawing; Sigma Tau prize in Engineering; Goddard Medal in Commerce; Goddard Medal in Pharmacy; Goddard Medal in French; and the Circulo Espanol Cervantes Medal.

Further information about these various prizes and awards may be obtained from the office of the registrar, the secretary of the University, or the professor in charge of the department in which the prize is awarded.
